
1" Powerpoint® Step Shank Pin

Description	Application	Qty. Per Box
1" Pin with Gold Domed Washer & Plastic Flute	For maximum holding strength in hard concrete & hard steel	500

Ramset® Insulfast T4I-F Insulation Gas Fastening Tool

Four times faster than the traditional stick pin installation method. No need to pre-measure fastener location, wait for adhesive to dry, or push washers on pins and trim length. Fasten the insulation directly to concrete, hollow block, exterior stud, and wood. The system can be used year-round: unlike stick pins you won't be restricted by cold temperatures or wet surfaces. Safer than gun-powder-driven fastening because less recoil, no spent powders casings, and no license required. Safer and faster than screw and washer fasteners. Delivers less torque to the installer's wrist and elbow. Works with insulation up to 6" thick. **Includes: (2) batteries, battery charger, carrying case and safety glasses.**

T4I-F Insulfast Tool

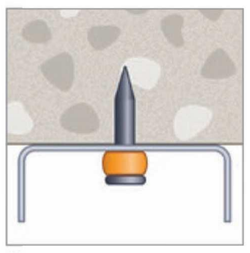
Accessories for T4I-F

Description
Fuel Cell (fits T4I-F Gun) - 4 per pack
Rechargeable Battery (fits T4I-F Gun)
Battery Charger (fits T4I-F Gun)

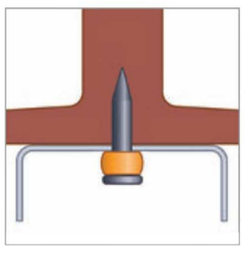
FEATURES

T4MAG Increase Your Range with Overhead Power

The Power of the T4MAG allows you to consistently shoot where no other gas tool has gone before. The .125 diameter pin is specifically engineered to work in the toughest concrete and steel where other pins cannot perform. The T4MAG system delivers power that rivals other gas and powder systems.



Settling aggregate is the biggest reason for overhead pin failure.



With the T4's 1/2" steel pin you can even shoot into the web of steel.

ACCESSORIES

T4 Fuel Cell
Part No. T4FUEL

Replaces conventional powder loads and drives more than 1000 pins

T4 Battery
Part No. 18581

The 6-volt Li-Ion battery can drive more than 3000 shots per charge

T4 Magnetic Nose Piece
Part No. 19967

Fasteners for Ramset T4I-F Tool

Description	Qty Per Box
1" Ramset I-F Pin for Concrete	500
1-1/2" Ramset I-F pin for Concrete	500
