LINCOLN ELECTRIC

Excalibur® 7018 MR

Low Hydrogen, Mild Steel Stick Electrodes

Operators love this for the clean puddle, the square coating burnoff, the easy all-position handling and the excellent wash-in characteristics. Great choice for jobs that involve steel with poor weldability.

Model	AWS Class	Recommended Polarity	Dia. Inches	Package Wt. Lb.
ED032086	E7018 H4R	DC+, AC	3/32"	1 lb. Tube
ED032588	E7018 H4R	DC+, AC	3/32"	10 lb. Can
ED028280	E7018 H4R	DC+, AC	3/32"	50 lb. Can
ED031468	E7018 H4R	DC+, AC	1/8"	1 lb. Tube
ED032589	E7018 H4R	DC+, AC	1/8"	10 lb. Can
ED028281	E7018 H4R	DC+, AC	1/8"	50 lb. Can
ED028282	E7018 H4R	DC+, AC	5/32"	50 lb. Can
ED028283	E7018 H4R	DC+, AC	3/16"	50 lb. Can

Extreme Bendability & Improved Coating

60% Less Moisture Pickup vs. The Competition

Improved Impact Results

LINCOLN ELECTRIC

Excalibur® 7018-1 MR

Low Hydrogen, Mild Steel Stick Electrodes

Designed for welding mild steel, low alloy steels and steels of poor weldability. Capable of x-ray quality welds. All-position welding of mild steels, and some high strength, low alloy steels.

Model	AWS Class	Recommended Polarity	Dia. Inches	Package Wt. Lb.
ED028700	E7018-1 H4R	DC+, AC	3/32"	50 lb. Can
ED018702	E7018-1 H4R	DC+, AC	1/8"	50 lb. Can
ED028704	E7018-1 H4R	DC+, AC	5/32"	50 lb. Can
