Milwaukee M12

12V Li-Ion 160 x 120 Thermal Imager Kit

- Ideal for use by Electrical Contractors, HVAC/R Technicians, Building Inspectors, Energy Auditors and Plant Maintenance teams
- RESNET compliant
- Capture thermal and visual images on each trigger pull for enhanced reporting
- Crisp, high resolution 160x120 pixel thermal images for better definition and clarity
- Complete report software to easily analyze images
- Broader temperature range (-10 to 350° C)
- 3.5" high resolution LCD (640x480 pixel)
- Built-in visual camera and flashlight
- Rugged over molding
- Simple screen layout
- Raised corners protect the LCD and thermal engine if dropped
- Hinged camera style lens cover is always attached
- Knurled focus ring is easy to grip with arc flash PPE
- All Thermal and Visual images use standard JPEG format for use in any program
- Media door seals the included 2GB SD card and USB connections
- **Kit Includes:** 2GB SD Card, 1.5 Ah Battery, Charger, Quick Reference Guide, Software Manual, Thermal Imager Manual, Thermal Imager Report Software and USB Cable and Carrying Case

PART NO.	DESCRIPTION
2260-21	160 x 120 Thermal Imager Kit
2260-21NST	160 x 120 Thermal Imager Kit (NIST)

Voltage Detector w/ LED

- Extra bright LED work light makes working in dark areas easier than ever
- CAT IV 1000V safety rating is safe for all applications including industrial applications
- Green Power On indicator light tells you the voltage detector is working properly before use
- Easy to use rear push button design
- Pocket clip allows for easy storage and retrieval from pocket
- Industry leading non-contact voltage detection technology
- Powered by two easy to replace AAA batteries

SPECIFICATIONS

LED Work Light:	Yes
Indicators:	Audible; Green Light
Safety Category:	CAT IV 1000V
Voltage Range:	50 to 1000V AC

PART NO.	DESCRIPTION
2202-20	Voltage Detector w/ LED
2200-20	Voltage Detector w/o LED
